CAREER OBJECTIVE

Computer Engineering student with hands-on experience in MERN stack development, Java programming, and research-driven problem solving, aiming to contribute effectively in real-world software development environments.

EDUCATION

- **Bachelor of Engineering – Computer Engineering**

2023 – Present

Savitribai Phule Pune University (SPPU)

Third Year

No Backlogs

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Frontend:** HTML, CSS, React.js
- **Databases:** MongoDB, SQL (Basics)
- **Core Concepts:** Data Structures & Algorithms (Java), OOP
- **Tools:** Git, GitHub, VS Code, Postman

INTERNSHIP EXPERIENCE

- **MERN Stack Intern**

Webstack Academy (WSA)

- Built **Homely Hub**, a web-based platform for booking hotels, stays, and villas across multiple destinations
- Developed frontend using React.js and implemented backend data handling with MongoDB
- Worked on user interface design, CRUD operations, and basic application workflows

RESEARCH PUBLICATION

- “An Ontology-Inspired Framework for Deepfake Detection and Digital Forensics”
- Published in International Conference on Innovations and Research Directions in Science and Technology (ICIRDST-2025)
- Organized by Digital Learning and Research Organization (DLRO)

CERTIFICATIONS

- MERN Stack Internship Certificate – Webstack Academy
- NPTEL – Programming in Java

STRENGTHS

- Strong analytical and problem-solving skills
- Quick learner with practical development exposure
- Disciplined, self-motivated, and team-oriented
